20th anniversary slide show

The 20th anniversary slide show is now complete and available for use by the Arctic Council «family». Feel free to use it as something to project during events or to share as you see fit.

1. You can download it as a PowerPoint “show”. All that this format will do is play; you cannot edit it. You can, for example, easily download this to a flash drive and take it with you to an event.
